### Prayer to St. Rocco

Heavenly Father, we gather in prayer to seek Your blessing on our St. Rocco Family Festival. We thank You for the blessings You have bestowed upon us in the past.

In order for our efforts to bear fruit, we need Your children to be fired up with the zeal of St. Rocco. Help the members of St. Mary's Parish to give generously of themselves in these celebrations. Bless us with favorable weather, guide us so that all our undertakings will reflect complete trust in You, our Creator.

During these days we pray especially for the healing of our brothers and sisters who are suffering physical, emotional, and psychological pain; and for the spiritual healing of each one of us. Help us to follow St. Rocco as a model of patience and charity.

We ask Your blessings on all that we do in the name of Christ, our Savior.

Amen

Thanks  
to  
everyone  
who made  
the past  
40 years  
possible.

Dear Friends of Saint Rocco,

This year our Feast of Saint Rocco, which is a major celebration of faith, food and family, is a hallmark year for us. When Fr. Guarino started this special Feast forty years ago, he envisioned a celebration of faith under the intercession of Saint Rocco. This would include Mass, Prayers, Healing Services and food and fun. During these forty years much of Rocco has all changed shape and form many, many times. Do you remember the major processions around the Town Common with folks dressed in native Italian clothing? Recall how the original founders cooked the food in their own kitchens and brought these as donations to help the cause? Do you remember the “beer garden” that was in the beginning years and how this was ended to make “the field and event” more family and children friendly to meet change in culture and lifestyle? Were you one of the cooks in the old school kitchen? Have you observed the change and variety of amusements and rides over the years? What about all the raffles? In order that this Feast honor Saint Rocco in the best way possible, so many ways were required to change over time. And now, again, it is necessary to change. This will be the last year of “the field” Feast. Next year, August 2019, we will celebrate the Feast with a special Mass of Healing and Luncheon for our guests. Our honored guests will be those who seek the grace of healing of body, mind or soul and those who journey with them. We will be in our newly renovated church building which will accommodate everyone so easily. We will have a new elevator and mobility friendly washrooms available. Our statue of “Saint Rocco in the field” will be relocated to outside our visually and physically welcoming addition. The Saint of Healing will mark the entrance to “the holy place of healing.” And indeed the faith of the Feast will continue through the years ahead.

Those who have led and assisted the Rocco Feast throughout the years know that our culture and lifestyle has changed and people are no longer able to volunteer the amount of time through the many, many months to get Rocco ready to launch. The Feast of Rocco does not simply happen and a volunteer shows up for “a shift of several hours” and it is all done! Preparation for months and especially the many weeks before and after make up literally the hidden hundreds of hours needed to get Rocco to launch and be successful.

Come this year to the various Masses and Healing Service. Come to “the field” and celebrate the Feast of Rocco with us. God has blessed us these many years. We thank our God for his healing graces and for the faith and dedication of the hundreds of volunteers though out the years. We ask for His grace for the years ahead.

Through the Intercession of Saint Rocco, may God grant us His grace and healing power.

*Father Brian*

The statue of St. Rocco on the convent grounds was donated to St. Mary's parish by Nick Verna in 1959. Nick's devotion to this Saint came from his mother who had great faith in the healing power of St. Rocco.

As a child Nick was taken ill and when, after some time, he showed no improvement, his mother took him to a shrine of St. Rocco that was not too far from their home. After the visit Nick began to improve and was soon well. His mother often told him that he owed his life to St. Rocco.

As a young man Nick made a promise to St. Rocco that he would put a statue of the Saint in St. Mary's church. For years he tried to fulfill his promise but met with many obstacles.

He refused to abandon his promise to St. Rocco and in 1959 Monsignor Dowd gave him permission to erect the statue on the convent grounds.

### **SAINT ROCCO – PATRON OF THE SICK**

St. Rocco was born in Montpellier, France, towards the end of the 13th century, son of the Governor and his wife who had prayed for a child for many years. When Rocco was born, with the mark of a red cross on his breast, it was thought of as a miracle. Rocco was twenty years old when his parents died and left their great wealth to him. This he quickly disposed of and set out as a pilgrim with Rome as his destination. When he arrived at Acquapendente, in Italy, Rocco learned that a plague was raging violently and that many had died as a result of it. Moved by such misery, Rocco offered his services at the local hospital where he went from bed to bed touching each sufferer with his right hand and making the sign of the cross on them. Everyone without exception was returned to good health. This was the first evidence of miracles in the life of Saint Rocco.

Rocco found many others suffering from the plague, all of whom through his intercession were restored to health, in Cesena, Rome, and Placentia. In Rome, Rocco was befriended by Cardinal Britonicus, who was inspired by God to realize that Rocco was one of God’s most cherished servants. When Rocco made the sign of the cross on the Cardinal’s forehead as a preservative against the plague, the sign remained deeply imprinted. When the Cardinal implied that he was embarrassed by wearing such a sign, St. Rocco reminded him of the words of the Gospel: “He who will enter into Life must take up his cross and follow Me.” For three years Rocco remained in Rome praying and delivering Rome itself, as well as nearby cities and towns, from the plague and its ravages; his only medicine being the use of the sign of the cross. After the death of Cardinal Britonicus, Rocco left Rome and carrying health and benediction with him, he saved many more cities in Italy – Milan, Monferrat, Mantua, Parma, etc. – from the epidemic.

While working with the sick in Placentia, St. Rocco became ill himself, suffering from high fever and an almost unendurable pain in his left leg. St. Rocco thanked the Lord for His visitation and for the sufferings imposed on him. Because his pain was so intense, St. Rocco left the hospital so as not to disturb the other patients and for fear of being too troublesome. Rocco dragged himself to a nearby forest where he lived in a hut. Rocco was miraculously served by a faithful dog who brought him bread daily from the table of a Gothard Pallastrelli who lived nearby. Rocco’s prayers for help from the Lord were

answered by a miracle. A cloud descended from heaven and formed a spring of water near Rocco's hut. He drank the water and his fever and pain were greatly relieved.

Guided by the spirit of God, Rocco then returned to his birthplace where he lead a hidden life and suffered greatly, being taken as a spy and put into prison. Rocco imposed even greater sufferings on himself, and fearing that he might not have the strength to endure the suffering, he prayed to the Blessed Mother to intercede for him. After five years, God made know to Rocco that his death was near. Rocco confessed his sins to a priest and asked to receive Holy Communion. He fell into a deep sleep and on August 16, 1327, he died.

The story is told that while Rocco was in this deep sleep, a voice said to him: "The time has come . . . to bear thy soul to the bosom of the Father. If you have any favor to ask for yourself or others, ask for it now and it shall be granted." Conscious that it was Our Lord who spoke, Rocco thanked Him for the promise, begged pardon for all his sins, asked to be admitted into the celestial dwellings forever for himself; and for others the grace to be preserved from the plague for all who would ask for his assistance. Our Lord made known to him that these requests would be granted.

Devotion to Saint Rocco continued to increase after his death. For example, in 1414, a General Council of Bishops had assembled in Constance, Germany. At this time, the plague had broken out in the surrounding country and was spreading rapidly. A general fast was ordered by the Bishops; the image of Saint Rocco was carried in procession throughout the city, and the people prayed fervently for Saint Rocco's help. Immediately, the plague disappeared and the people were even more thoroughly convinced of the saintliness of Saint Rocco.

Vinnie and Alma DeBaggis**

Vinnie and Alma were dedicated parishioners of St. Mary Parish, and volunteered in many capacities throughout the years. They began the pastry booth at the St. Rocco Festival, and graciously passed the tradition along to the younger generations. We have proudly continued the tradition, knowing they have been with us in spirit (and that Dad has been watching over us to be sure that we have been filling the cannolis all the way through!). Vinnie and Alma were wonderful parents, grandparents and great-grandparents, and although we miss them dearly, we have peace in the belief that they are together, watching over us.

The St. Rocco Festival has been, for our family, a journey that we have shared for 40 years, from its humble beginnings in 1979 to the present. And so, as we serve Italian pastries for the final year, we thank all who have been a part of this journey...those who have faithfully stopped by the booth each year, not only to buy pastry, but to visit, reminisce, and share memories.

With love and appreciation for our parents, who taught us to value family and traditions, Roberta and Roger, Cheryl and Dan, Vin and Judy, Lisa and David, Auggie and Stephanie, Stephen and Gaby, Damien, Matthew, Lauren and Ryan, Laura and James, Meg and Dave, Nicki and Timmy, Tony and Katie, Michael and Jen, Stephanie, Becca, Joey, Sera, Kira, Brooke, Nate, Nolan, Julia, Emily, Bennie and William.

“Every Life is Precious in God’s Eyes”

Through widespread devotion to the Sacred Heart of Our Lord Jesus Christ in the Blessed Sacrament and the intercession of the Immaculate Heart of Our Lady and the patronage of St. Joseph, may peace reign on earth, with end of all violence against innocent human beings by abortion, euthanasia, and unjust war.
